The screenshot displays the 'New Import Definition' dialog box in the Charity Auction Software. The dialog is titled 'Map Data' and contains instructions: 'Click and drag field name buttons to the top of appropriate columns in the data preview. Map fields to previewed data in any sequence; skip columns as desired. A Last Name or Company are required to import Names. A Short Description or Catalog Title are required to Import Items. If a button is misplaced during preview mapping, double-click the labeled heading to remove it, or just replace it with a different field button. Click Help (?) button for more information.'

The dialog is divided into several sections:

- Name-Specific Fields:** A grid of buttons for mapping fields like Salutation, First Name, Last Name, Suffix, Nickname, Role, etc.
- Designate Names as:** Buttons for 'Invitees', 'Donors', and 'Volunteers'.
- Auto-Assign Bid Numbers:** A button for 'Assign Bid Numbers'.
- Location Defaults:** Buttons for 'Fill blank locations with defaults' and 'Do not replace blank locations'.
- Item-Specific Fields:** A grid of buttons for mapping fields like Item Type, Type/Category 1, Item #, Short Description, Catalog Title, Full Description, etc.
- Set Non-Typed Items:** Buttons for 'Pending', 'Live', 'Bid Board', and 'Retail'.
- Item Numbers:** A section for 'Begin with: Item Number'.

At the bottom, a data preview table is shown for the file 'C:\Users\Jorji\Pictures\Tech support\Export\_Names\_20180611\_105531.xlsx':
