it would take up space on your HD! I'm sorry but your "requirement" specs are a lie, the game controls really really poorly, there is no time at all to set up, first wave + with how poorly the game controls is impossible you push left and it goes right 9 times out of 10.. Build and protect your base from zombies Many different constructions, easy to learn and nice graphics.. All this can be delayed in the game for a couple of nights This is the worst game on Steam..
