Part 5: MAGIC as a System

For the purposes of this section, let's presume that Magic is being used in first chair – or, if first chair has passed, then in second.

Opening Frequency

The first thing to note is that Magic opens a HUGE fraction of all hands in first chair – **78%**. Magic is a high-action system!

The highest-frequency openers are **1H** and **1S**, each about 15% of all hands dealt. These are the workhorse bids of the Magic System.

| | percentage of hands dealt | percentage of hands opened |
|---------------|---------------------------|----------------------------|
| 1m | 18% | 23% |
| 1M | 30% | 39% |
| 1NT | 12% | 15% |
| 2C | 1% | 1% |
| >2C | 17% | 22% |

A careful analysis of the 1M bids reveals a thermal-balance: **55% are Hot** and **45% are Cold**.

Recall that by design all **Hot** bids have a 5⁺cM. **Cold** bids further break down into either 4cM or 5cM:

| | | | | |
|-----------|--|-------------------|-----|---|
| 1M | $\left\{ \begin{array}{l} \text{Cold } 45\% \\ \text{Hot } 55\% \end{array} \right.$ | 4cM | 32% | $\left. \vphantom{\begin{array}{l} \text{Cold } 45\% \\ \text{Hot } 55\% \end{array}} \right\} 68\% \text{ } 5^+cM$ |
| | | 5cM | 13% | |
| | | 5 ⁺ cM | 55% | |

Note: we preempt with ALL Cold 6⁺cMs

Magic-minors

When we open a minor, however, a different kind of magic is at work. First off, it is critical to note that Magic does not open subminimum minors. This is so important that I shall repeat it:

Magic opens only Hot minors.

The reason for this is that the **1C** and **1D** bids have almost no preemptive value: they do nothing to dissuade the opponents from finding their major-fits. On the other hand, opening subminimum minors would make *our* life impossibly difficult.

There are two things that make Magic-minors unique:

- ① When Magic opens **1m** and rebids **1M**, opener's shape is *precisely* defined: **5⁺m4M, 12+ w/φ** (φ = stiff/void). In simplified-Magic there are no other options. More generally, the particular sequence: "**1C,1D; 1H**" begins a logic-weave leading to various other hands.
- ② Magic imposes two additional structures on our 1m openers. First, **ALL bal15-20 hands w/o a 5c-suit** are opened **1C**. Second, **all minor-two-suiters of intermediate strength** are opened **1D**. These two "magic rules" have important logical consequences.
